

Difference between DA chromaticity 15 and chromaticity 5

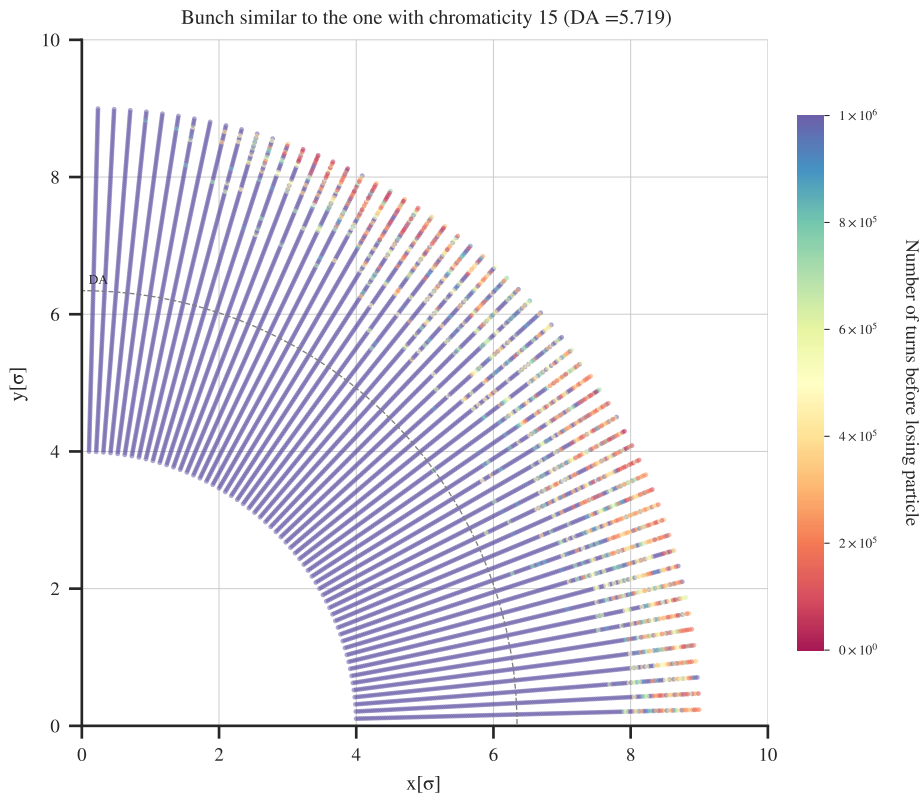

Survival plot for bunch 525 with chromaticity 5, DA = 6.5625

Survival plot for bunch 525 with chromaticity 15, DA = 5.5625

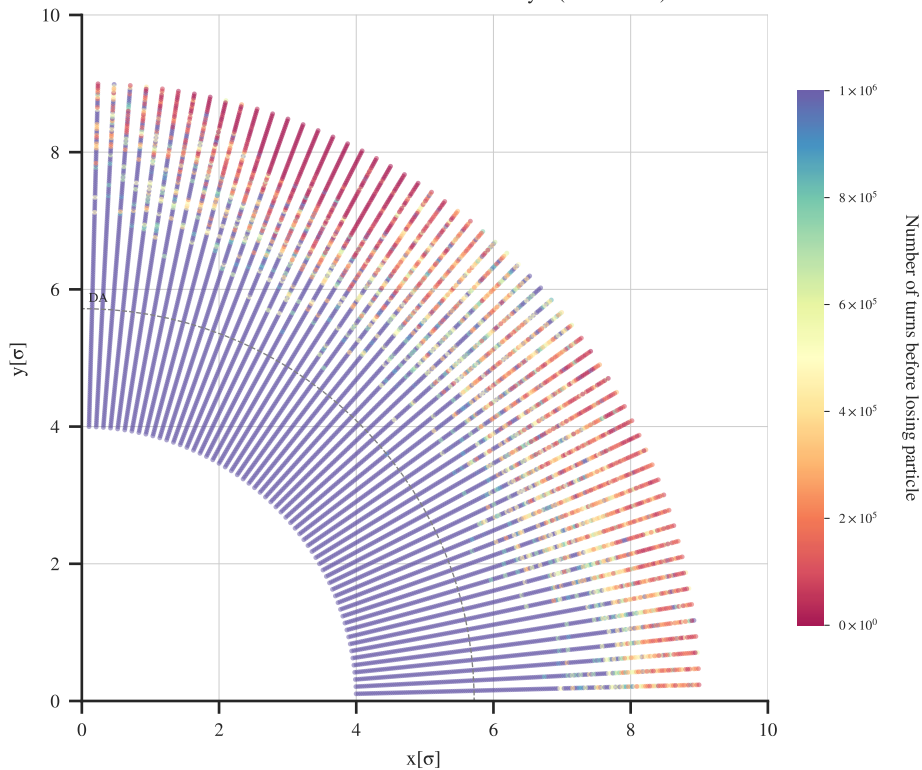

Survival plot for bunch 1132 with chromaticity 5, DA = 6.34375

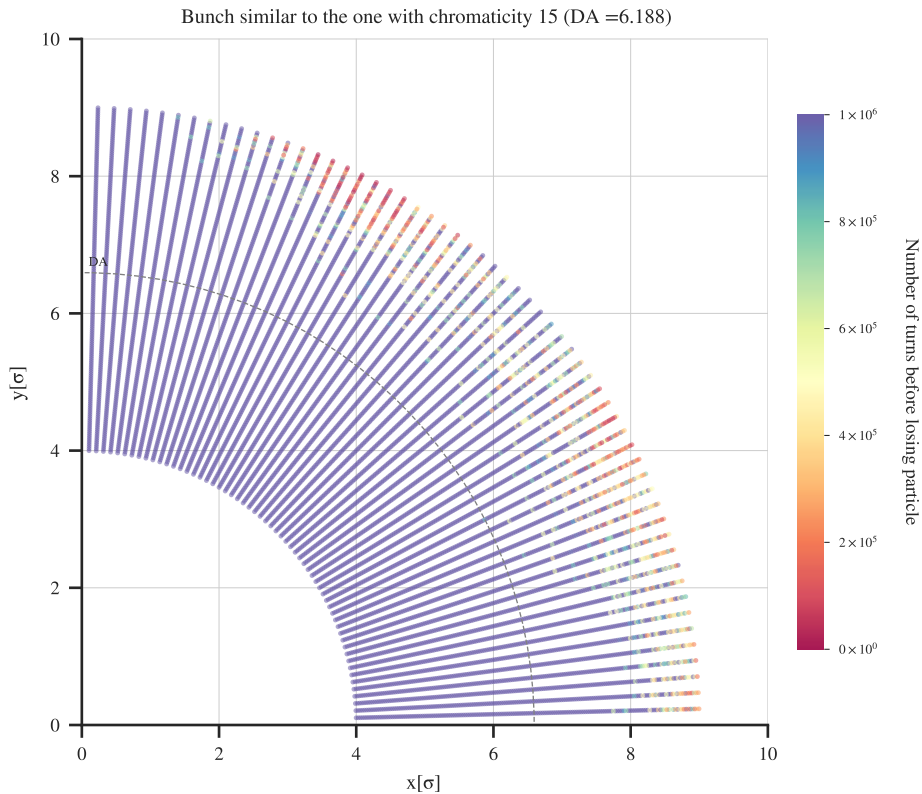

Survival plot for bunch 1132 with chromaticity 15, DA = 5.71875

Bunch similar to the one with chromaticity 5 (DA = 6.344)

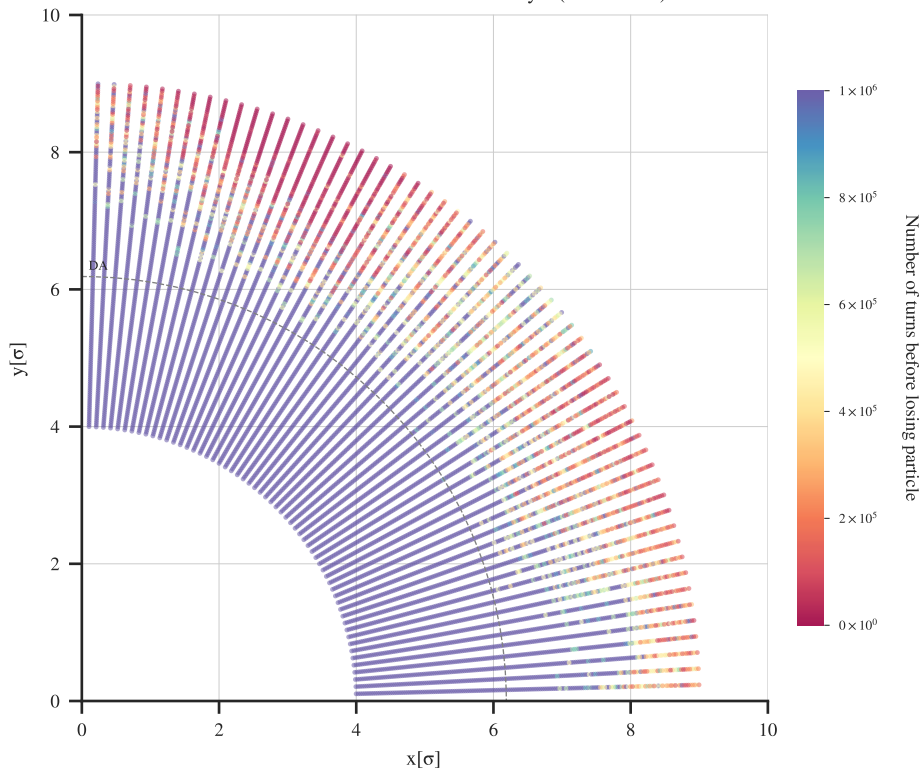

Survival plot for bunch 2272 with chromaticity 5, DA = 6.59375

Survival plot for bunch 2272 with chromaticity 15, DA = 6.1875

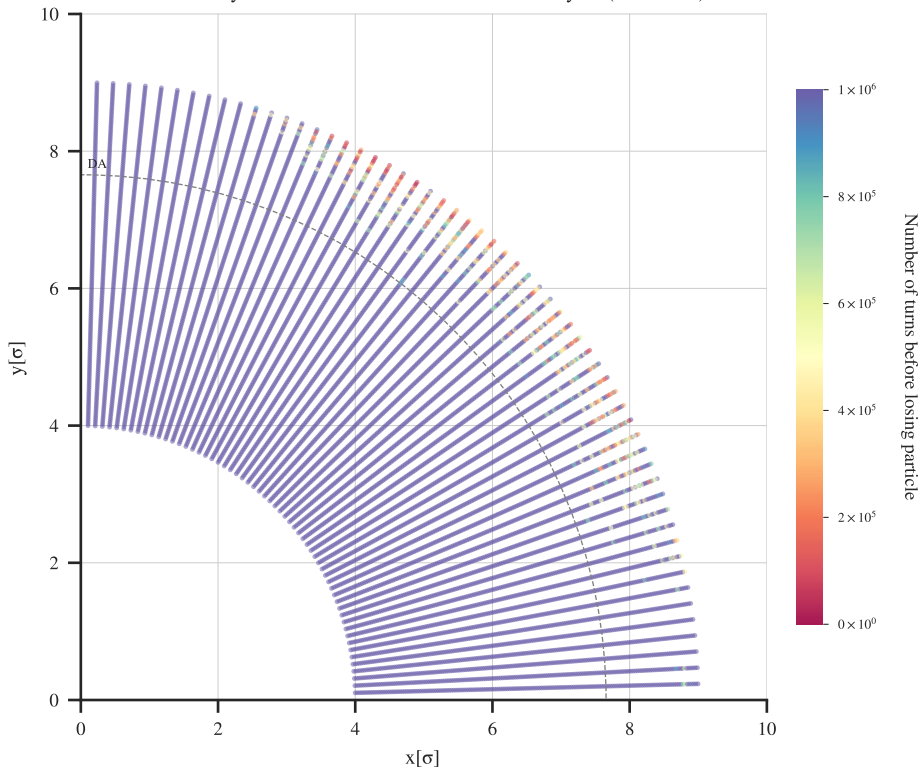

Bunch similar to the one with chromaticity 5 (DA = 6.594)

Survival plot for bunch 2622 with chromaticity 5, DA = 7.65625

Bunch very different from the one with chromaticity 15 (DA = 6.25)

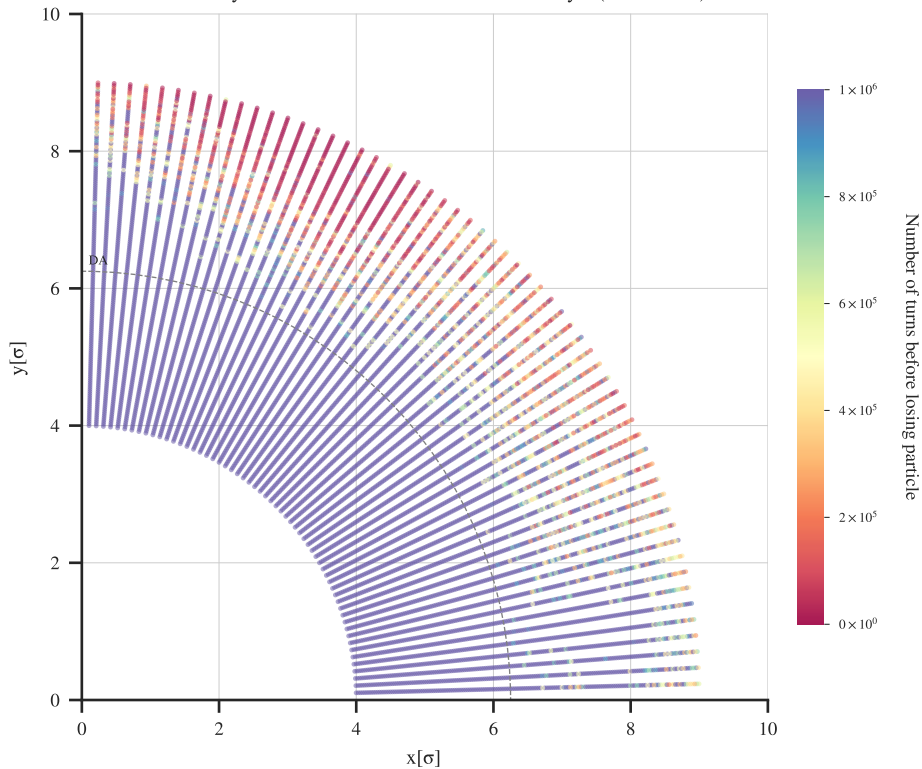

Survival plot for bunch 2622 with chromaticity 15, DA = 6.25

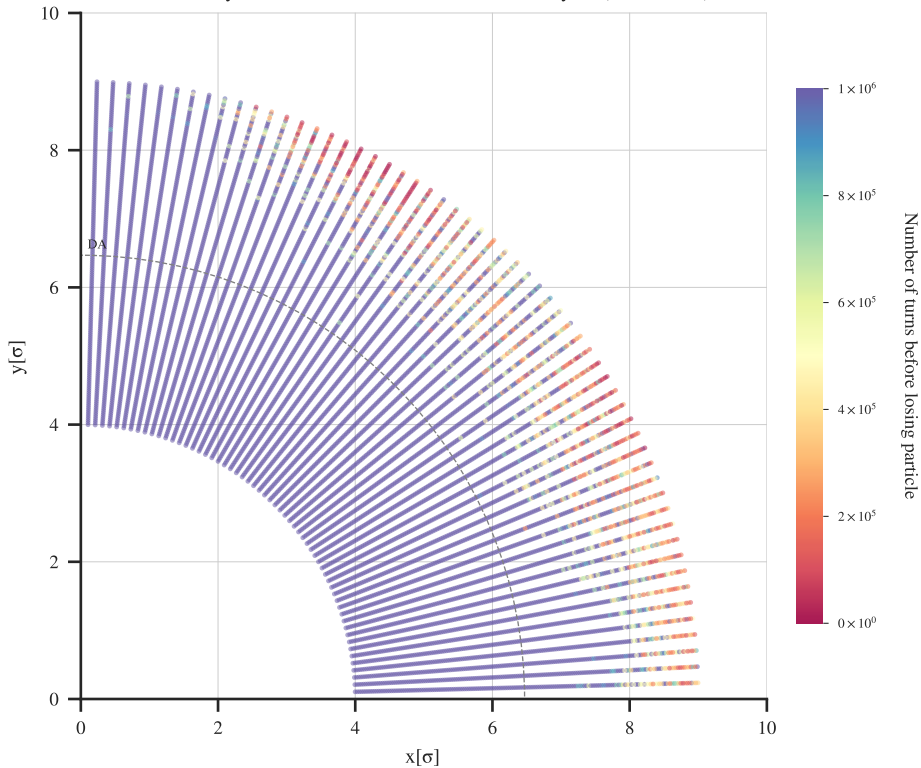

Bunch very different from the one with chromaticity 5 (DA = 7.656)

Survival plot for bunch 3009 with chromaticity 5, DA = 6.46875

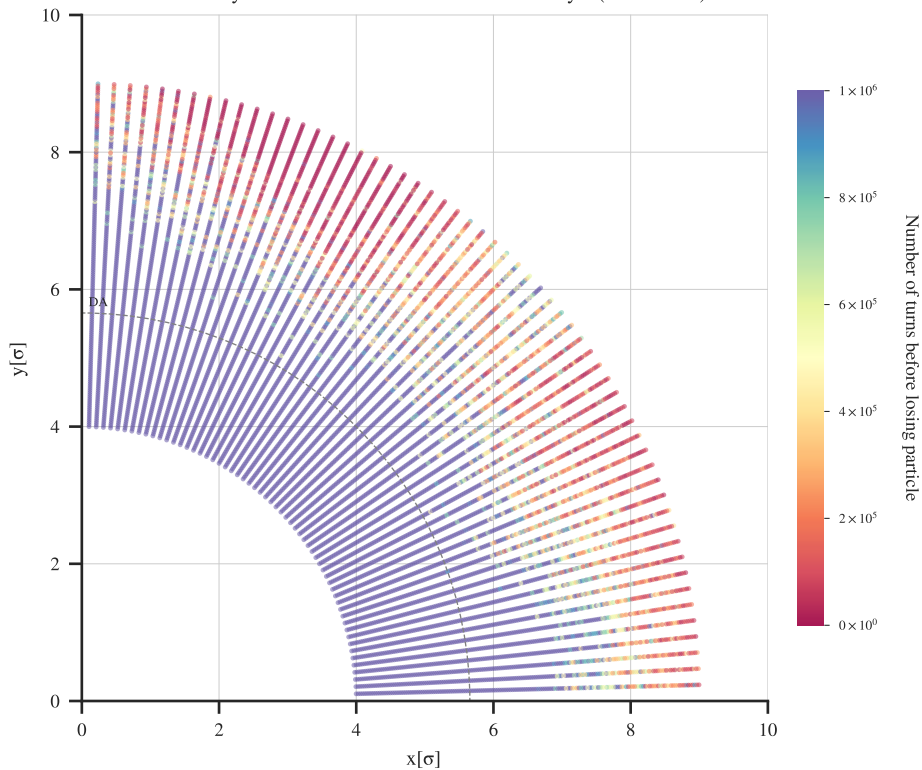

Bunch very different from the one with chromaticity 15 (DA = 5.656)

Survival plot for bunch 3009 with chromaticity 15, DA = 5.65625

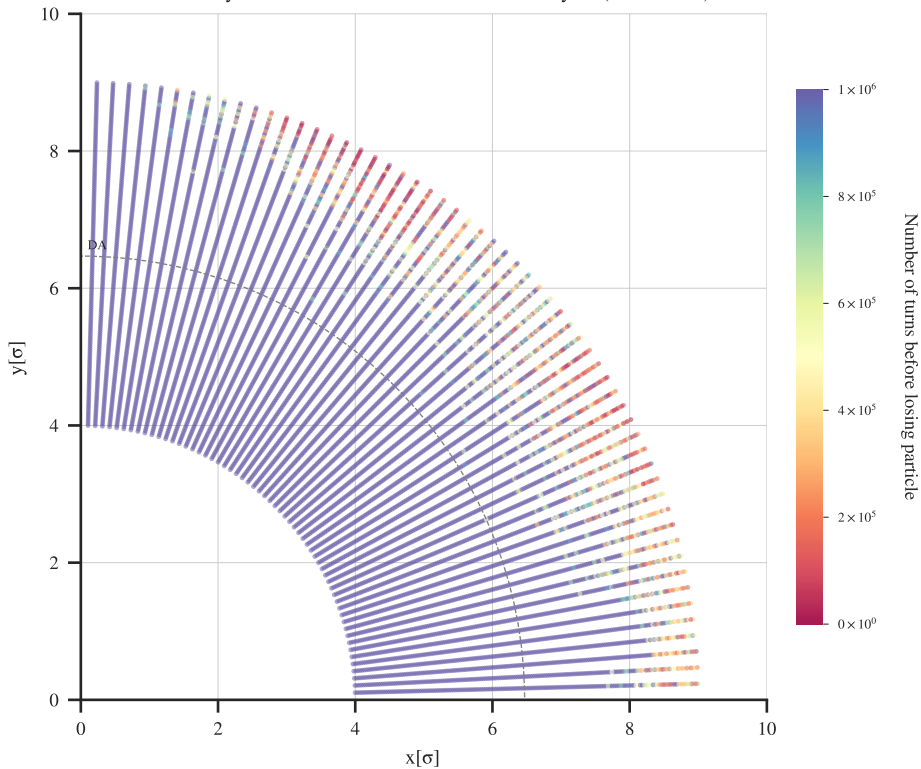

Bunch very different from the one with chromaticity 5 (DA = 6.469)

Survival plot for bunch 2996 with chromaticity 5, DA = 6.46875

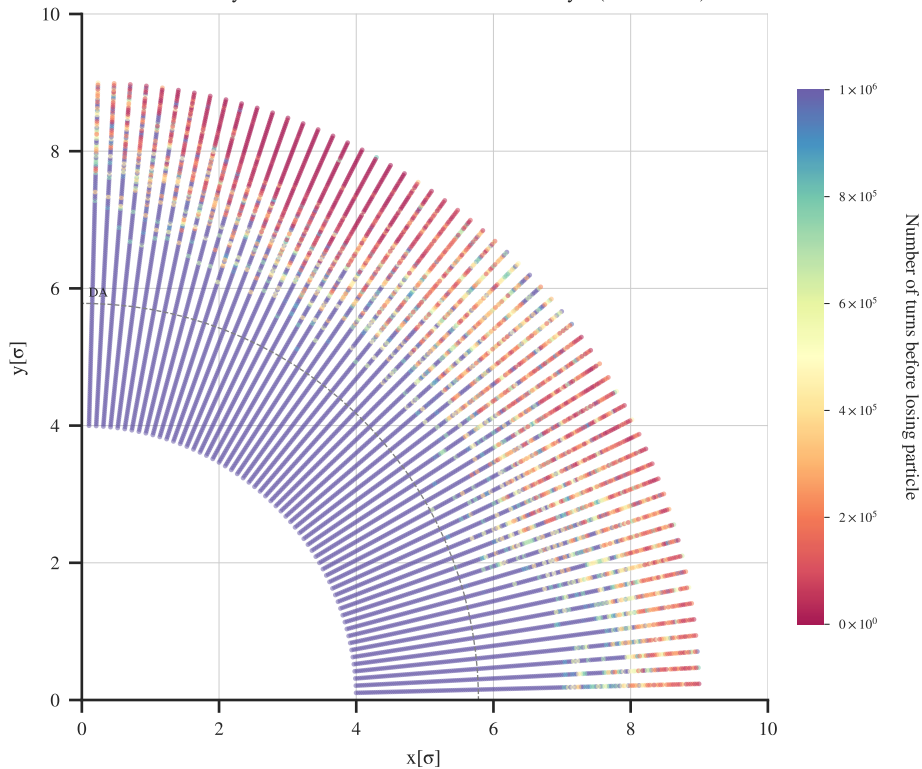

Bunch very different from the one with chromaticity 15 (DA = 5.781)

Survival plot for bunch 2996 with chromaticity 15, DA = 5.78125

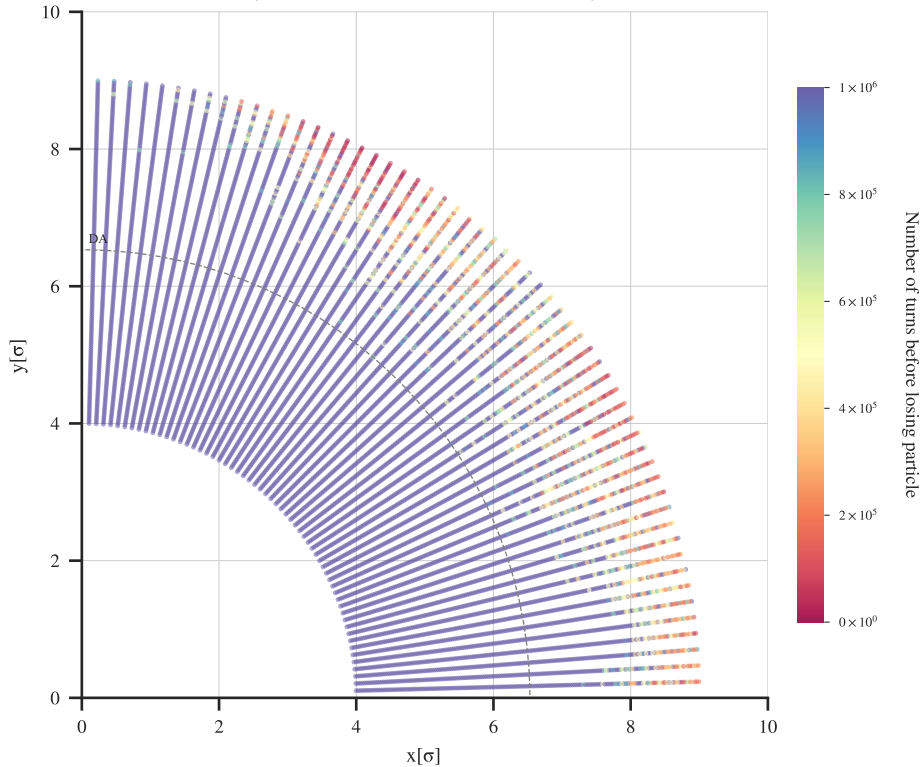

Bunch very different from the one with chromaticity 5 (DA = 6.469)

Survival plot for bunch 252 with chromaticity 5, DA = 6.53125

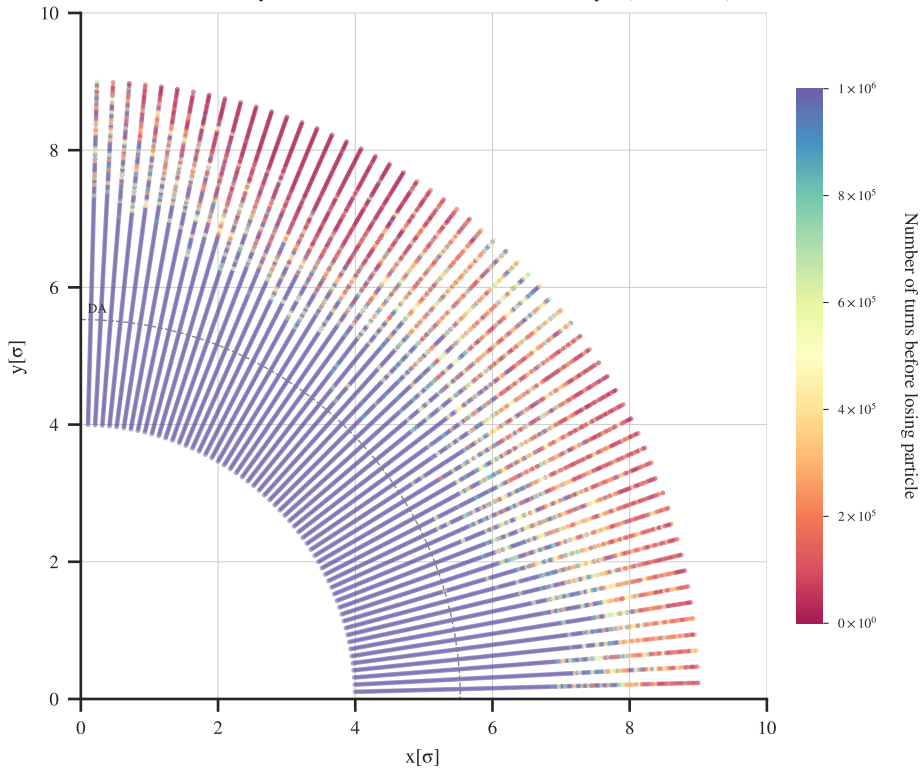

Bunch moderately different from the one with chromaticity 15 (DA = 5.531)

Survival plot for bunch 252 with chromaticity 15, DA = 5.53125

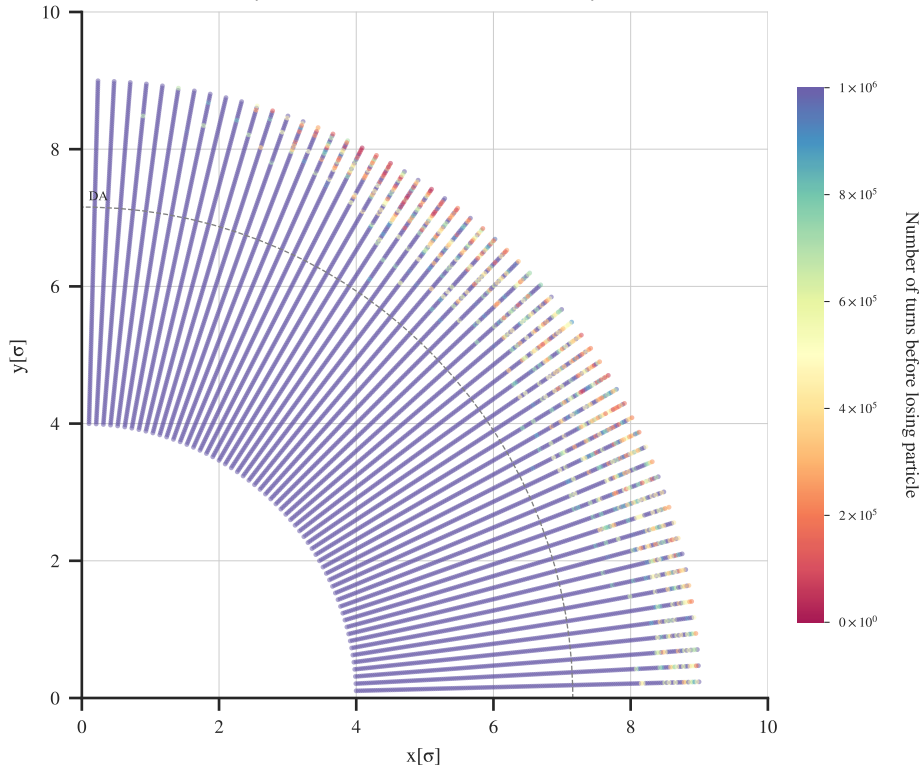

Bunch moderately different from the one with chromaticity 5 (DA = 6.531)

Survival plot for bunch 438 with chromaticity 5, DA = 7.15625

Bunch moderately different from the one with chromaticity 15 (DA = 6.156)

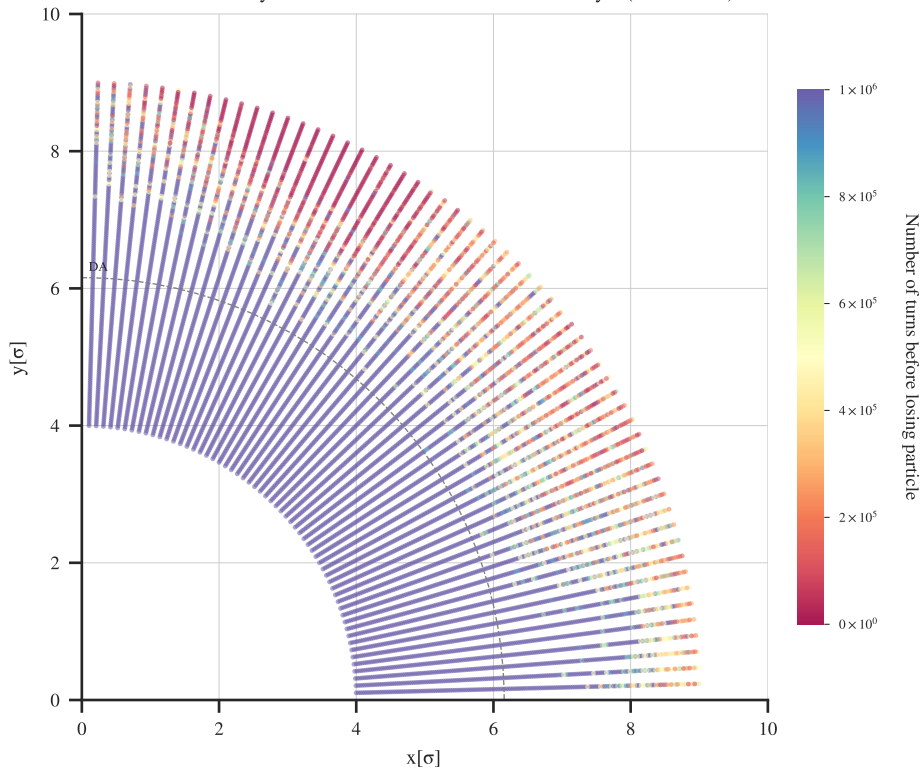

Survival plot for bunch 438 with chromaticity 15, DA = 6.15625

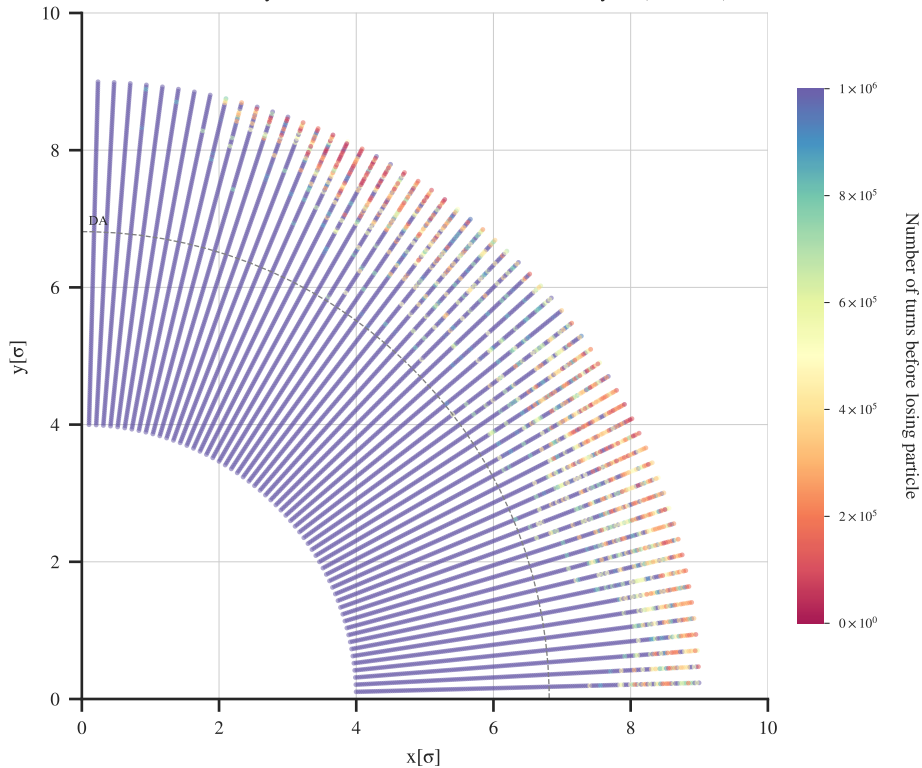

Bunch moderately different from the one with chromaticity 5 (DA = 7.156)

Survival plot for bunch 2434 with chromaticity 5, DA = 6.8125

Bunch moderately different from the one with chromaticity 15 (DA =6.0)

Survival plot for bunch 2434 with chromaticity 15, DA = 6.0

Bunch moderately different from the one with chromaticity 5 (DA =6.812)
